OUR DESTINY

URBAN LEAGUE OF ESSEX COUNTY

AGENCY BROCHURE AND 1995 ANNUAL REPORT

Our Mission

The mission of the Urban League of Essex County is to assist African-Americans in the achievement of social and economic equality.

Agency Profile

Founded October 17, 1917, the Urban League of Essex County is one of 114 affiliates of the National Urban League in 34 states and the District of Columbia. Recognizing that the future of African-American families and communities depends on the healthy development of our youth, the Urban League of Essex County provides programs in support of our national goals:

Social & Educational Development of Youths - The League has pledged to take a leadership position to connect inner-city youths who need attention, support, and direction with caring adults who are willing to spend time and the resources necessary to secure these children's chances to succeed.

Family Self-Sufficiency - To break the cycle of economic collapse in urban America, the League contends that the source of the decay must be directly addressed, namely the inability of inner-city adults to find legitimate jobs that provide a steady and sufficient income for their families to live in dignity.

Racial Inclusion - The ability of the country's racially diverse society to work more harmoniously will underscore the extent to which our nation remains competitive in the world arena. The success or neglect of minority children will determine the enrichment or failure of the nation.

Independent Auditors' Report

Board of Trustees
Urban League of Essex County
Newark, New Jersey

We have audited the accompanying balance sheets of Urban League of Essex County (a nonprofit organization) as of December 31, 1995 and 1994, and the related statements of activity, functional expenses and cash flows for the years then ended. These financial statements are the responsibility of the Urban League of Essex County's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Urban League of Essex County as of December 31, 1995 and 1994 and the results of its operations, and its cash flows for the years then ended in conformity with generally accepted accounting principles.

As discussed in Note 2 to the financial statements, during 1995 Urban League of Essex County adopted Statement of Financial Accounting Standards No. 116 "Accounting for Contributions Received and Contributions Made" and Statement of Financial Accounting Standards No. 117 "Financial Statements for Not-for-Profit Organizations". The financial statements presented for the year ended December 31, 1994 have been retroactively restated to reflect these changes.

Our audits were made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the financial statements taken as a whole.

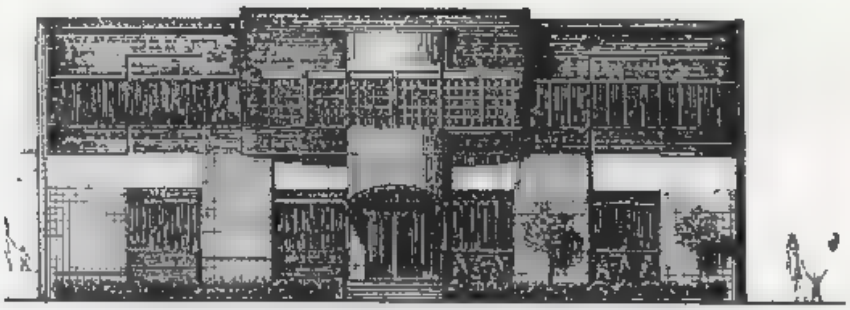
AROUND THE LEAGUE...



The Urban League of Essex County is building a new **Preschool and Family Telecommunications Center!!** The vision began three years ago when President/CEO Lydia Davis Barrett decided we needed to improve our facilities for our youth and adult programs.

The new center will offer the latest educational technology: multimedia systems and access to the Internet including our own Urban League website!! Scheduled to move into the new site are the Preschool, Jr. NULITES, and Urban League's educational programs for parents and other adults.

Construction at 494-498 Central Avenue, formally an abandoned supermarket, and 500-504 Central Avenue, a city-owned vacant lot, will begin in 1996. We will host a grand opening celebration in early 1997 as part of our year long 80th anniversary celebration.

The new facilities will be part of renovations to the entire block between 7th and 8th Streets along Central Avenue in Newark. The center will also offer modern new facilities with a meeting room for learning, a playground, and more!!

For a $100 or more contribution to the building fund, you will have your full name, or someone you wish to dedicate your pledge in honor of, engraved on a plague at the entrance of the building. For more information on the building fund, please call (201) 746-9438.
